

Prayer in the time of Covid-19

God, almighty Creator and our Father.
You take no pleasure in destroying the living,
but you created everything for existence.

In your loving plan even the virus has a place.
Help us to welcome this pandemic
as an opportunity for growth.

Welcome all the dead into your Kingdom,
give peace to those who die abandoned and in
distress,
comfort those who mourn for their loved ones
and heal the sick.

Grant wisdom to the rulers
and a sense of responsibility to us citizens.
Support the health workers with your strength
and give wisdom to the scientists
in search of treatments and vaccines.
Let the economic crisis be addressed
with solidarity and justice.

Do not let our fears and our selfishness
win in this time of trial,
but increase in us the fruits of your Spirit.

We ask you this through Christ our Lord.
Amen.
